Dr. Vishnu Prasad V

Assistant Professor in the
Digital media and
marketing
communications area
JIO INSTITUTE

Vishnu Prasad V is an Assistant Professor in the Digital media and marketing communications area at Jio Institute. He recently completed his PhD in Marketing Management from the Indian Institute of Management Kozhikode. Vishnu's research interests lie in brand strategy, consumer adoption and use of technologies, and cause-related marketing. With a robust academic background that includes an MBA from SJMSOM, IIT-Bombay, and a B.Tech. from the Government College of Technology, Coimbatore. Vishnu brings knowledge to

Select one masterclass per round. Seats are limited.

The Translators (Non Tech stream) by Dr. Vishnu Prasad V

Dr. Vishnu Prasad V • Assistant Professor in the Digital media and marketing communications area

This module empowers scholars with zero coding background to build functional AI-powered workflows and custom assistants through intuitive drag-and-drop and natural language interfaces. Participants will master the creation of Custom GPTs-configuring instructions and knowledge bases for specific use cases like clinical research or brand audits, and learn to automate tasks by connecting AI to tools like Google Sheets and Gmail. The session further explores agentic no-code platforms for autonomous task execution. Shifting to domain-specific "Co-Pilot" tracks, scholars in Commerce, Medicine, and the Arts will engage in deep dives tailored to their fields, ranging from financial modeling and clinical paper summarization to creative story-building. Through hands-on activities, scholars will move beyond generic chat to high-value, domain-embedded applications that augment their professional and academic workflows.
